Horror Upon Horror.

An Awful Chapter of Outrage,

Murder and Lynching at

Mt. Vernon, Ind.

Items from Other Points.

Special to the Star.

Mr. VERNON, IND., Oct. 12.—Last Monday

nearly eight colored scoundrels forced their

way into a house of ill-fame in the outskirts

of this town and rifled it of what valuables

they could find. They then huddled the

three white girls, who occupied the house

at the time, into a small room, where for an

hour they forced them to submit to their

bestial desires, outraging their persons in a

shocking manner, and leaving them sick

and exhausted. On Wednesday four of the

villains, Jim Good, Jeff Hopkins, Ed. Warner

and William Chambers, were arrested and

locked up very quietly to avoid excitement.

Yesterday morning at 2 o'clock Deputy

Sheriff O. S. Thomas, with other aid, went

to the house of Dan. Harris, Sr., to arrest

his son Dan., who was one of the ravishers.

While parleying at the side of the house,

some one discharged a shot-gun from the

window, and almost the entire load of buck-

shot entered the body of Deputy Sheriff

Thomas, killing him instantly. The party

then charged on the house and arrested the

old man, but the son escaped.

Early in the morning the news spread,

and the excitement among the citizens was

intense, although no riotous demonstrations

were made more than to shoot one colored

man, who talked too freely, in the back.

Undisguised preparations were made, how-

ever, to lynch the prisoners at 10 o'clock

last night, and it was looked for with as

much certainty as though the law was being

defiantly executed.

At the appointed time, when night came

on, a band of two hundred men, completely

masked, marched to the jail yard, which

was well guarded by Hayes, the Marshal,

and a number of assistants. These were

soon overpowered, however, and the mob

rushed into the jail. They seized upon old

man Harris, and like infuriated demons

plunged knives into his body, severed his

windpipe, and literally cut him up like a

hog. They then seized upon the other four

prisoners, bound them securely, and led

them away to their place of execution, under
